

English

Class Reader: Cosmic by Frank Cottrell-Boyce

Writing

- write part of the Cosmic story using fronted adverbials, expanded noun phrases and speech punctuation.
- write a persuasive leaflet for a theme park using non-fiction features and relative clauses.

Reading

- we will focus on Cosmic, exploring different VIPERS style questions.

Geography

- how Europe's countries are different.
- different time zones and the countries that are in Europe.
- landscapes and human geography in Western and Eastern Europe and how they compare to UK.
- using latitude and longitude when locating places on a globe.
- locate Russia on the map and find out what it is like.
- compare Russia to Eastern Europe and the UK.

Maths

We will be learning about:

- tenths as part of a whole and calculating with decimals including column addition and subtraction.
- hundredths as part of a whole and learn to solve decimal length problems.
- calculating with money.

Music

- to listen and copy rhythmic patterns.

PE

- Hockey

French

- learn body parts and how to pronounce words for body parts.
- learn the verb 'avoir' (to have)
- say and write simple sentences using body parts.

How are Europe's countries different? Term 1 2025-26

Computing

- plan, design and create a game using 2DIY 3D on Purple Mash.

RE

Creation

- show understanding of the creation stories by making links between the stories and some key Christian beliefs
- discuss the question: 'Are the Creation Stories True?'

Prayers, Saints and Feasts

- show understanding of the words of the Our Father
- show our understanding of the importance of prayer in the life of Jesus

Science - Earth and Space

- describe the movement of the Earth, and other planets, relative to the Sun in the solar system
- describe the movement of the Moon relative to the Earth
- describe the Sun, Earth and Moon as approximately spherical bodies
- use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky.

Art and Design Technology Drawing

- use a range of media
- hard and soft lines
- shading

3D modelling

- construct 3D structures
- create a space station
